

PROBING DEATH OF DENVER MAN

Lincoln, Neb., Affair Appears Case of Suicide; May Be Murder.

Lincoln, Neb., March 24.—County officials today were investigating the circumstances surrounding the death of Maurice Cashner, aged 31, of Denver, Colo., whose body was found lying in a culvert here late yesterday, with a bullet wound just above the heart. A pistol was found near the body.

Will Hold Inquest. County sheriff Ira Miller said he believed Cashner had killed himself, but that a further investigation was being conducted to make sure that he had not been murdered. He added that an inquest would be held tomorrow if the circumstances justified such an inquest.

No reason for suicide could be assigned by Samuel Cashner, the dead man's uncle, of University Place, a suburb of Lincoln.

Father Hears Of Death. Sherman J. Cashner, father of Maurice Cashner, a contractor and carpenter of Denver, stated today that he had been informed of his son's death although no indication had been received by him as to the cause or circumstances. The son had not been home for more than two years, during which time the father had been working for him.

Maurice had been employed as an automobile mechanic in Lincoln for several months.

Charred Body Of Charles Hubbell Is Found After Fire

Ariz. Man Robbed, Slain By Indians At Trading Post, Believed.

Flagstaff, Ariz., March 24.—The charred body of Charles Hubbell, brother of former state senator Lorenzo Hubbell, was found lying beside the cash drawer in the ruins of a fire, which last night destroyed the trading post near the Hopi Indian village of Oraibi, 60 miles northeast of here, according to advices received here today.

It is believed that Hubbell, who had charge of the trading post, was robbed and murdered by Indians and the post set on fire to hide the double crime.

Sheriff J. O. Harrington, of Coconino county, has left to investigate. Senator Hubbell, brother of the dead man, is prominent in Arizona Republican circles and formerly was candidate for United States senator. Oraibi is one of the scenes of the famous Hopi snake dance, held every August.

The burned building, where Hubbell's body was found, is said to be within the limit of an Indian reservation, but is believed to be situated on a railroad school land section or privately owned property, in which case the state would have jurisdiction instead of the federal authorities.

CITY BUDGET TO BE \$80,000 MORE

High Line Canal, Additional Police Force and Library Require Money.

Appropriations for the high line canal project, additional policemen, the public library and other important civic institutions will result in bringing the annual budget of the city council to about \$80,000 more this year than that of 1918, it was announced by mayor Charles Davis Monday morning. Members of the city council, who will retire on April 4, and those nominated at the recent city primaries met with mayor Davis Monday morning and discussed the budget, and the naming of council committees for the next year. The council will be virtually the same as outlined at a meeting several days ago.

Among the additions to the budget this year will be the public library association for \$15,000. This amount was voted by the council several weeks ago, and comprises that part of the city funds due the library association under the city charter. An appropriation of \$5000 is provided for the high line canal project, while the state would have jurisdiction of the police force of \$12,000 over last year will be appropriated.

Parks and Health. Parks and health committees will cause a raise of \$20,000 over last year, while notes used by the city falling due will call for an increased expenditure of \$30,000.

The balance of the increased appropriation will be used by the public works and finance committees.

Each of the city departments has submitted its individual budget. It is said and the annual budget will be completed within a short time.

Patriarch Of New Mexico, 115 Years Old, Dies; Quilt Cigarette Smoking At 113

Santa Fe, N. M., March 24.—The oldest man in New Mexico died in La Luz canyon at the age of 115 years. He was Asplinto Madrid, born at San Lorenzo, near Juarez. He served in the Mexican army in his youth in campaigns against Apaches and came to New Mexico 20 years ago. He lived on a homestead where he was 108 years old.

On his 50th birthday anniversary he was married to a 25 year old girl, and four sons and three daughters were born to the couple. He had never known a sick day in his life and never missed a meal except on the morning of the day he died. Two sons of the deceased were in the military service. His first child was born to him when he was 33 years old. He quit smoking cigarettes when he was 113 years old.

SURRENDER AFTER STABBING APPRAISAL ASSAULT IS CHARGED

Jacqueline Salazar, 21, 1145 10th St., Monday morning, surrendered herself to Capt. W. A. Simpson, of the city detective service, and was charged with assault with intent to murder. Early Monday Roque Ybarra was stabbed in the back twice. When brought to the police station, where he received medical attention from Dr. F. W. Lynch, he told the police that in a fight with Salazar, near the corner of Second and San Jacinto streets, he received the wounds. The wounds were not serious. Salazar, according to Capt. Simpson, confessed to having stabbed Ybarra. He will be transferred to the county jail.

Pin In Laundry Leads To Odd Damage Suit

Chicago, Ill., March 24.—Before you send the family washing out, go through it carefully and remove all pins. You'll find it pays.

Ell Ryndon failed to take this little precaution before he sent the washing to Mrs. Bridget Keating. Mrs. Keating stuck her finger on a pin left in the dress of Ryndon's young daughter. Blood poisoning followed and she lost the use of the finger.

Judge Frank Johnson, Jr., awarded her \$1500 damages.

DESTROY GERMAN HOMES. Traves, Germany, March 24.—Zepplins, of uncertain age and manufacture have been destroyed by a series of attacks by American planes engaged in "cleaning up" after the withdrawal of the enemy. These homes, of no practical use owing to long exposure to the weather, were found near a hamlet in the region of the Rhine, where the American army of occupation crossed into French Prussia from the Luxembourg border.

AFTER INFLUENZA BLOOD IS THIN AND NERVES ARE WEAK

Resident of Minnesota tells how he built up his system after many tonics had failed.

Acute diseases such as influenza and pneumonia almost invariably leave the system in a badly debilitated condition, the blood thin, the nerves weak and the digestion disordered.

Many sufferers who have passed through the acute stages of these diseases and especially the form of grip known as Spanish influenza continue to lose weight and strength. Ordinary tonics seem to have little value in correcting this debility and the victim is in danger of becoming a chronic invalid. That the debility and nervousness following these acute diseases can be overcome is shown by the statement of Mr. Charles F. DeLillo, of No. 512 Grand street, Winona, Minn.:

"I had been feeling poorly for five months," he says, "Last October I fell and sprained my knee, and the inflammation which followed caused intense pain. While suffering from this pain I had an attack of influenza and it seemed to deprive me of every bit of strength. My circulation was so poor that my hands and legs were always cold and I kept getting thinner and thinner all the time. My appetite went back on me and I was nervous and restless, especially at night."

"I saw an advertisement of Dr. Williams' Pink Pills in a newspaper and procured a box. After taking the first box I could see that the color was returning to my face and hands and my circulation was better. I no longer suffer from chills. I continued the treatment and the pain left my knee. I have regained my strength, eat heartily and sleep soundly and restfully. I have so much faith in Dr. Williams' Pink Pills that I have recommended the remedy to my friends."

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, after effects of the grip and fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

"Building Up the Blood" is a booklet full of useful information. Every mother and every growing girl should have one. It is sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, fifty cents per box; six boxes for \$2.50. Do not pay more.—Adv.

Puls Had No Pull to Obtain T-Bones Free

Seattle, Wash., March 24.—Tom Puls, 25, thought he had "pulled" enough at a local restaurant to get his meals free. He would order a fancy T-bone steak and trimmings, walk back and forth, after he had been notified that it would be raised.

The list of Puls's free meals as given in police court included: T-bone steak and trimmings, \$2.25; T-bone steak and extra, \$1.25; T-bone steak and fixings, \$1.25; T-bone steak, \$1.25.

The judge, smacking his lips and murmured "50 fine."

Report of Arizona Stockmen's Resolution Open To Misinterpretation.

Phoenix, Ariz., March 24.—Objection by Francis J. Henry, special attorney for the federal trade commission, to a report of the Arizona Cattle Growers' association convention proceedings sent by the Associated Press February 13, showed that ambiguous phraseology in the story made an erroneous interpretation of the association's action possible.

The Associated Press report of February 13 said: "A hot debate was precipitated over the resolution, scoring what was termed the efforts of Francis J. Henry to inflame the consumer against the stockman."

The convention minutes quoted Mr. Henry as describing Mr. Henry as a "politician," seeking to "inflame the consumer against the producer."

The convention's minutes gave the resolution as follows: "Be it resolved by the Arizona Cattle Growers' association this day that we go on record as against methods and practices resorted to by Francis J. Henry in the investigation of the packing industry by the government and as against any form of government ownership by same."

The minutes showed this resolution was adopted by a rising vote, 29 to 11.

Thinks He Is Dreaming As Rent Is Decreased

Cleveland, O., March 24.—D. F. Ryan has been pinning himself for three days to see if he is awake. His rent was lowered—lowered voluntarily, after he had been notified that it would be raised.

Ryan appeared before the federal rent board here with Salvatore Bondi, his landlord, to protest against an increase from \$15 to \$40 a month. "I've got a son in Italy"—Ryan started to say.

"That's enough," quickly interrupted Bondi. "Your rent will be \$20."
